

NEWS ADVISORY

Dec. 11, 2009

For immediate release

LEAF COLLECTION SCHEDULE COMPLETED

City crews completed leaf collection in all the scheduled areas of the city this week.

Residents in neighborhoods with leaf piles that still need to be picked up can call the Street Maintenance Division at 552-6360 with a request. Crews will make special leaf pickups as long as weather permits.

Despite disruption of the pickup schedule by an early freeze this year, leaf collection went smoothly. City of Missoula staff members thank the public and the news media for their help every week through the season.
