1. **Leadership Team Training:** Jane Kelly instructed and taught the leadership team about the history of Neighborhood Councils, 6:00 p.m.-7:00 p.m.
2. **Missoula Osprey, Our Neighborhood Night:** AJ Russell gave a summary of the Missoula Osprey plans for the Neighborhood Council Community Night at the Ball Park, August 18th, 2015. Offering group discounted tickets for groups of 10 or more tickets are \$8 each, option of doing a pre-game BBQ, games to participate in, Neighborhood Council tabling, looking for ways neighborhood councils can participate, and what they can do to make the event better.
3. **Mountain Water Issue:** Bryan von Lossberg gave a presentation on the water rites trial, City has experts that have valued the water system at 50 million dollars, and Carlyle purchased three water systems including Missoula for \$100 + million in 2011 and now are looking to buy the same three systems for \$300 million. There is a problem with citizens being exploited and citizens want to see more investment in system infrastructure and ongoing maintenance. Letter to the Editor in support of a City owned water system are still helpful and relevant to the judge.
4. **Strategic Planning:** The Leadership Team wants to start short-term plans & project for 2015 and more of a direction for the neighborhood as a whole.
 1. Make a plan for getting the trail lit from Grand to Waverly
 - Will start looking into finding an engineer or architect, contact Bob Oaks/NMCDC (North Missoula Community Development Corporation), to look into potential CDBG (Community Development Block Grant) funding.
 2. Get involved in the Northside Park remodel/upgrade
 - Leslie will review previous park surveys and contact Donna at Missoula Parks.
 3. Lowell school playground fixing day: Set for June 6th
 4. Heidi will apply for a small grant for t-shirts for the Lowell School fun run, have to have it in by the last Thursday of the month.

8. **Public comment on non-agenda items**
 1. Amber Sienknecht-spoke about the cat trapping incident, is this someone with malicious intent, an accident or is this someone with mental health problems?
 - Christian-heard that someone was arrested for shooting at cats and might or might not have been the person who set the trap.
 - Not sure if this is someone in the area
 - Amber explained that the Humane Society has low income vouchers to spay and neuter cats and dogs for people who couldn't otherwise pay for the services.
 - Leslie likes the idea a neighborhood fundraiser or some kind of event
