BIKE REGISTRATION

DO YOUR PART TO KEEP YOUR BIKE SAFE.

REGISTER

REGISTERING YOUR BIKE

Law enforcement agencies recover thousands of bikes every year, but rarely can return them to their rightful owners. By registering your bike with **529 Garage**, you'll make it easier for law enforcement to reunite you with your bicycle if it is recovered.

It is easy to do and only takes a few minutes.

- 1 Download the 529 Garage smartphone app or visit www.project529.com/missoulapd
- 2 Enter your contact information, record distinguishing details of your bike, and upload photos (optional).
- 3 529 Garage also offers Shield stickers that can act as a deterrent to thieves and can assist law enforcement in recovery.

LOCK

LOCKING YOUR BIKE

Use a high quality U-lock or folding lock to keep your bike more secure.

Always lock the frame and least one wheel to a designated bike rack.

REPORT

REPORTING YOUR STOLEN BIKE

It is important to file a police report as soon as you notice your bike has been stolen. This is necessary to file an insurance claim and retrieve your bicycle from law enforcement if it is recovered. Reporting stolen bicycles also helps police understand the scope of the problem.

If your bicycle is lost or stolen, follow the steps below:

- 1 Alert the 529 Garage community that your bike is missing by logging into your 529 Garage account and clicking "Report a Theft".
- 2 Contact the Missoula Police Department to file your report.

Cable locks can be easily cut. No lock is more expensive than a new bike.

Stop by one of Missoula's local bike shops for help picking the lock that works for you.
