Street Improvements	South 3rd Street Reconstruction (Russell to Reserve)		S-05	S-05	S-05

Description and justification of project and funding sources:

South 3rd Street from Russell to Reserve was reviewed through public input as part of an environmental impact statement for reconstruction. Improvements on South 3rd Street from Russell to Reserve will consist of new curbs, sidewalks, drainage, and pavement.

This project will use impact fees to pay for data collection and design engineering along with materials. Curbs and sidewalks will be assessed to the adjacent property owners. City Street forces will supply labor and equipment for asphalt and drainage.

This work will be done in 3 phases starting at Russell and working west to Reserve. Data collection, right-of-way identification, and surveying will begin in FY11. Design and utility relocation will take place in Fiscal Year 2012, with Phase 1 beginning in Fiscal Year 2013. Remaining Phases 2 and 3 will be designed and constructed in subsequent fiscal years. Funding: Transportation Impact Fees in FY12 are \$200,000 and will be used to fund data collection and design.
